A World of Ideas

Babbi further enriches its **Golose** line of spreadable creams by adding three new flavours, **Pistachio**, **Dark Chocolate** and **White Chocolate**, to the traditional flavours of **Gianduja**, **Nocciolate** and **Classica**. Perfect when combined with gelato, cakes or semifreddo items, the extremely versatile creams can be used for batch-chilling or producing variegates, or

they can even be displayed in the showcase all on their own, as an exquisitely tempting treat. They also produce surprisingly excellent results when used to make frosting for gelato cakes and semifreddo, or as an ingredient in eye-catching chocolate fountains.

Line: Golose; New flavours: Pistachio, Dark chocolate, White chocolate; Other flavours: Gianduja, Classica, Nocciolate; Packaging: 3 kg bucket; Box: holding 4 buckets.
